PRODUCT MAP

JI-113C Outdoor network camera 5MPx – turret

Outdoor camera in turret design combines sharp images and compact design. Clear recordings in all weather conditions are always at your fingertips thanks to the MyJABLOTRON app.

JI-114C Outdoor network camera 5MPx – bullet

The outdoor camera in bullet design is very distinctive and visible. As a result, it acts partly as a deterrent against potential intruders.

JI-114C-A Outdoor network camera 5MPx – bullet audio

The outdoor bullet-style camera has an integrated speaker, microphone, and color LED diodes. It allows the user to trigger audio and visual alerts as needed from the MyJABLOTRON application.

JI-120T IP transmitter for RTSP cameras

This universal IP transmitter allows the connection of third-party cameras to the JABLOTRON system via the RTSP protocol. It extends the functionality of your JABLOTRON alarm system to include cameras already installed in the building.

JA-154A Wireless indoor siren

The wireless siren can be easily mounted anywhere within range of the system radio. Flexible installation is made possible by power from 3 AA batteries.
